

# VersaLite EPR Infinity Cart

## Patient records at your fingertips

The new VersaLite Infinity Cart has been developed to provide the ultimate combination of functionality, mobility and user comfort.

Release more time to care with instant access to patient records at the point of care.

### 24/7 access to patient records

- All-in-one touchscreen computer with Intel® SkyLake dual core i5 processor allows instant access to patient records at the point of care.
- Hot swappable batteries allow the cart to be in constant use.
- The battery management system provides real-time information to the user and IT colleagues. Batteries can be replaced in seconds.

### Lightweight and compact design

- Small footprint makes the cart easy to position in busy bays.
- Conveniently placed grab handles allow precise and easy movement.
- Large rear castors provide smooth and stable movement even across uneven surfaces such as thresholds.
- Designed for infection control and ease of cleaning.
- Modular design allows the addition of a range of accessory and drawer configurations to meet the needs of specific workflow.

### Designed for individuals

- Simple hand operated height adjustment.
- Ergonomically designed base allows the user to find their perfect standing or seated position.
- Retractable keyboard tray features a simple lift and release mechanism allowing the user to set the height, distance and angle independently of the workstation, so the user can maintain a healthy posture.

## Accessories

Scanner

Sharps bin

Mobile Printer

# VersaLite EPR Infinity Cart

## Patient records at your fingertips

## Cart

Work Surface	513 X 636mm
